Pepper & Salt

GRINDERS

POLYCARBONATE

The Art OF TASTE AND FORM

Made from transparent polycarbonate, these salt and pepper grinders combine elegant design with everyday functionality. Their transparent bodies highlight the purity of design while revealing the contents within, bringing a sense of lightness and visual clarity to any table setting.

The collection offers a variety of styles designed to suit different tastes and occasions. Soft, rounded silhouettes evoke timeless elegance, while sleek cylindrical forms with subtle textures introduce a contemporary, graphic appeal. This versatility allows for effortless pairing with both classic and modern table arrangements.

Finishes play a defining role in each design. Polished silver offers a clean, contemporary versatility, black accents bring depth and sophistication, while wood-inspired details introduce warmth and a natural character.

At the core, a precision-engineered stainless-steel mechanism paired with durable ceramic grinders ensures a consistent, adjustable grind. Freshly milled spices unlock deeper flavours, elevating even the simplest dishes into a considered culinary experience.

These mills go beyond functionality, serving as essential table elements - refined accents that enhance the setting and highlight a careful attention to detail.

POLYCARBONATE

Pepper & Salt GRINDERS

i How to use?

The grind size is adjusted using the locking nut. The tighter the nut is fastened, the finer the grind

Unscrew the locking nut

Remove the lid and add spices. Replace the lid and secure it with the nut

To grind, turn the top part of the mill (the lid) clockwise

Durable **stainless steel** components are corrosion-resistant and resistant to deformation and scratches

Polycarbonate is impact-resistant, lightweight, and long-lasting. The transparent section allows you to visually check how full the grinder is

Ceramic grinding core (grinding mechanism) retain their grinding performance over time and ensure a rich aroma and the purity of the ground spices

Pepper & Salt GRINDERS

with ceramic core

WL-296.210.301 / 1A
2.25" x 5.5" | 5.5 x 14 cm
Inner: 1 pc; Outer: 40 pcs

WL-296.210.501 / 1A
2.25" x 7" | 5.5 x 17.5 cm
Inner: 1 pc; Outer: 30 pcs

WL-296.215.301 / 1A
2" x 4.25" | 5 x 11 cm
Inner: 1 pc; Outer: 40 pcs

WL-296.215.501 / 1A
2" x 6" | 5 x 15 cm
